

20% of all toilets leak

300 gallons of water 'used' by a toilet leak each day

The most common type of household leak is a leaky toilet

Check For Toilet Leaks

- 1 Put 2-3 drops of food coloring inside the toilet tank
- 2 Do not flush, wait 15-20 minutes
- 3 Check the toilet bowl water for coloring

Every Drop Counts

If color appears in the bowl the toilet tank has a leak
