2. **PUBLIC FORUM** The public forum is intended to afford the public an opportunity to address concerns to the City Council. The public forum will be no longer than 30 minutes in length and each presenter will have no more than five (5) minutes to speak. Topics of discussion are restricted to City governmental topics rather than private or political agendas. Topics may be addressed at the public forum that are on the agenda. However, topics that are the subject of a public hearing are best addressed at the public hearing, not at public forum. Therefore, topics may not be addressed at public forum if: (i) the topic has been the subject of a public hearing before the City Council or any City Advisory Committee and the Council has not acted on the topic; or (ii) if the topic is the subject of a public hearing for which notice has been published in the City's official newspaper, or a continued public hearing or public information hearing before the City Council or any City Advisory Committee. During public forum, a member of the public may request that the City Council consider removing an item from the Consent Agenda following the procedure set forth in Section 401.5. The City Council may discuss but will not take formal action on public forum presentations. Matters that are the subject of pending litigation are not appropriate for the forum.
